Boarding Schools

Campus Housing

Apartments

Off Campus Communities

Educational facility furniture offered by Carolina Furniture Works must meet today's requirements for dependability. That's why we build goods using solid wood components with durable laminate tops. Your school may call it campus housing, or a dorm. Students call it home! We can help you facilitate sleeping quarters, or a commons area with furnishings more like home that provide many years of service with less maintenance.

STUDENT DORM BED

*****commercial use only, not for residential use**

PRODUCT OF CAROLINA FURNITURE WORKS, INC.

This twin student dorm bed can be configured with a student desk, dresser, night stand, or a personal size refrigerator and storage bin in various possible dorm room arrangements. The innovative hook and pin assembly system creates a strong, long lasting connection between the headboard and footboard ends. Two metal pins are embedded within the head and footboards that connect the metal support system for a safe sleep and study arrangement. The metal support system accommodates a foam or innerspring mattress. This product is Made in the USA from solid wood and plywood veneers. Hook & pin bed set up is easy to assemble with no need for tools.

- twin standard or twin extra long dorm style bed design
- convenient sleep and storage options
- accommodates foam or innerspring mattress
- plenty of possible room arrangements & storage options
- perfect for dorms and college students
- easy assembly, no tools required
- made of solid wood and plywood veneers
- easy to clean - wipe with damp cloth & dry immediately
- Made in the USA
